Not ashamed, I'll scream Your name
Cause since You came, my whole world changed

CHORUS

Little walk wit You
Little talk with You
What I do, what I do when I rock wit You
Hey love! Hey love!
More than a touch, more than a crush
Your love is eternal treasure and much
Hey love, hey love
That's why I say You're my love

Hey love, hey love
I'm calling on You, I'm falling for You
Hey love, hey love
I'm falling for You, I'm calling on You

Every single morning when I'm waking up
I say You're beautiful
There is nothing in the earth that compares to You
Want to let the whole world know
Can nobody move me the way You do
You know You have my heart
Can't nobody take me as high as You
I'm looking at the stars

Not ashamed, I'll scream Your name
Cause since You came, my whole world changed
Not ashamed, I'll scream Your name
Cause since You came, my whole world changed

CHORUS

Little walk wit You
Little talk with You
What I do, what I do when I rock wit You
Hey love! Hey love!
More than a touch, more than a crush
Your love is eternal treasure and much
Hey love, hey love
That's why I say You're my love

Hey love, hey love
Iâ€™m calling on You, Iâ€™m falling for You
Hey love, hey love
Iâ€™m falling for You, Iâ€™m calling on You

Any time You touch me, I feel brand new
You got me singing songs
Whatever You want from me, I will do
Iâ€™ll never let You go
Your love goes deeper than the ocean floor
Itâ€™s more than wonderful
You are the owner of my mind and soul
This love is powerful

Not ashamed, Iâ€™ll scream Your name
Cause since You came, my whole world changed
Not ashamed, Iâ€™ll scream Your name
Cause since You came, my whole world changed

CHORUS

Little walk wit You
Little talk with You
What I do, what I do when I rock wit You
Hey love! Hey love!
More than a touch, more than a crush
Your love is eternal treasure and much
Hey love, hey love
Thatâ€™s why I say Youâ€™re my love

Hey love, hey love
Iâ€™m calling on You, Iâ€™m falling for You
Hey love, hey love
Iâ€™m falling for You, Iâ€™m calling on You

When in pain, I seek Your face
When in joy, I scream Your name
I donâ€™t care what none of them say
You with me, none Iâ€™m afraid
Day and night, talkin bright
When Iâ€™m wrong, You show me right
Now Iâ€™m straight, faith and grace
With Your love, I feel embraced
Where You send me, Iâ€™m a go
Share that gift, wrapped up in a bow
Head to toe, electric glow
When Iâ€™m sick, You HMO
Smiley faces, status quo
Kick it with your tae kwon do
Kinda like a mistle toe
Lovin how Your kisses blow

CHORUS

Little walk wit You
Little talk with You
What I do, what I do when I rock wit You
Hey love! Hey love!
More than a touch, more than a crush
Your love is eternal treasure and much
Hey love, hey love
That's why I say You're my love

Hey love, hey love
I'm calling on You, I'm falling for You
Hey love, hey love
I'm falling for You, I'm calling on You
