Nina

Nina

Nobody knows where you've been

I looked everywhere

From the Arctic to the Argentine

Nina

Nina

Darling come darken my door (I think)

We had tougher times

But what we wanna go there for?

Every waking hour

Looking for a friend

Trying to get it started

Before we reach the end

Nina

Nina

All I asked for was goodbye

Now I'm driving cross the desert

Watching lightning skip across the sky

Albert

Let's not fight

I've been driving cross West Texas all the night

When the storm came down upon me

Why you're angry is beyond me

Is there something I can do to make it right

Albert

You're my man

No body can love me like you can

You're coming round behind me

Lover don't you try to find me

I'll look you up when think that you'll understand

Albert Renold Regan

Died today

I pulled over to the side of the highway

And I cried today

Black clouds hang above us
Does anybody love us?
