If you've got no respect for me then I've got no respect
for you
Nothing that you say makes sense it isn't even relevant
I slam my fist against the wall it doesn't seem to help at
all
I'm still filled with all this rage it doesn't ever go away

You can't understand any of this unless you've been
there
It's hard to happy when your all screwed up
Pent up rage inside of me pent up rage inside of me
Pent up rage inside of me pent up rage inside of me

Sometimes I don't know who to to trust
I hate myself when I mess up
Sometimes I've got nowhere to turn
Stuck with myself why don't I learn?
My friends they feel the same as me
So they don't take it personally
We sit around and question why
Passing time until we die

You can't understand any of this unless you've been
there
It's hard to happy when your all screwed up
Pent up rage inside of me pent up rage inside of me
Pent up rage inside of me pent up rage inside of me

If you've got no respect for me then I've got no respect
for you
Nothing that you say makes sense it isn't even relevant
I slam my fist against the wall it doesn't seem to help at
all
I'm still filled with all this rage it doesn't ever go away

You can't understand any of this unless you've been
there
Pent up rage inside of me
It's hard to happy when your all screwed up
Pent up rage inside of me

You can't understand any of this unless you've been

there
Pent up rage inside of me
It's hard to happy when your all screwed up
Pent up rage inside of me

Pent up rage inside of me pent up rage inside of me
Pent up rage inside of me pent up rage won't go away
