I want  
To change  
My world  
Your world  
No more leaders  
No more control

( revolt  
Revolt  
Revolt  
Revolt  
Revolt  
Revolt)

We must resist  
Authority

Revolt against the rich  
Not against the poor  
Don't revolt against the  
Problem  
Revolt against the cause  
Break it down- the system (x4)

Revolt (x6)  
Fight the system  
That divides us!

Revolt against the power  
If you want things to change  
Revolt against ourselves  
Nothing will ever change  
Stop fighting amongst  
Ourselves (x4)

Revolt (x6)  
Don't support the  
Things that destroy  
Us

Revolt against big business  
And the things that it does

Revolt against institutions  
And the things they stand for  
Unite against them (x4)  
Unite!

Walking around  
Walking around town  
Just a wanderin around  
Getting a load off my mind  
Feelin kinda mad  
Feelin kinda sad  
I just can't shake it sometimes

I lways get the feeling  
It's hard to stay in control  
Inside my mind is reelin  
I need to do something.  
I gotta get up and go

Gotta get myself together  
And get organized  
Even though it might be hard  
Don't wanna waste my life  
Feelin sorry for myself  
That's such boring way to  
Spend time

Im gonna take my chances  
So I'll have no regrets  
Im gonna live my own life  
And do what I want with the  
Time I have left

Ode to a fucked up world  
Sometimes I hate reality  
It makes me feel so had  
Seeing people hurt each other  
And they don't even care

(chorus)  
I think of self destruction  
But I tell those thoughts to go away  
I wont give up, I will hang on  
Ill keep living from day to day  
I don't plan ahead or think of yesterday  
I wonder what to do now instead  
I think about this fucked up world  
Until my eyes are blazing red

Every time I watch the news  
Or read a magazine

The pain and suffering in this world  
Makes me want to scream

People hating others because  
Of the color of their skin  
People rape and kill each other  
For fucked up reasons

(chorus)

Sometimes I hate reality  
It makes me feel so bad  
Seeing people hurt each other  
And they don't even care

We live in a  
Fucked up world
