Looking up in the sky,
Making a wish,
Watching the star shooting bright,
I'm alone in the dark,
Feels like i'm falling,
And i can't catch my heart...

Baby, please give me a chance to coexist,
I love you, you don't know my name...

Calling her,
But nobody can hear me,
But nobody can hear me,
So i'll just keep,
Falling down,
But nobody can reach me,
So nobody can help me,
I don't wanna be invisible, visible, visible,
Don't wanna be invisible, visible, visible,
I don't wanna be invisible, visible, visible,
Don't wanna be invisible, visible, visible,
Can anyone see me?

A thousand words in my mind,
Things i wanna say to you, Yeah,
Wait for the perfect time,
But you don't know i'm alive,
You don't know i'm alive, live, oh, no, hey...

Baby, please give me a chance to coexist,
I love you, you don't know my name...

Calling her,
But nobody can hear me,
But nobody can hear me,
So i'll just keep,
Falling down,
But nobody can reach me,
So nobody can help me,
I don't wanna be invisible, visible, visible,
Don't wanna be invisible, visible, visible,

I don't wanna be invisible, visible, visible,
Don't wanna be invisible, visible, visible,
Can anyone see me?
