[Speaking]

I know you wanna leave, but wait
I'm coming home

[Verse 1]

Ba-Basically
I'm telling you that I know
I could never do better than you (better than you whoa
ho)
He-Helpless in this situation
I can't stand the thought of me losing you (me losing
you no ho)
Wi-Wish I never did you wrong (wrong)
I wanna hold you in my arms til forever girl (ever girl)
Cuz this been up for way too long (long)
But now I can see we're meant to be together girl

[Pre-chorus]

Fa-Fa-Falling out of love
Reaching out tryna catch you
I'll be the one to rescue our love
Racing home to you
I'm tryna save what's left of our love
Helpless in this situation
Running out of time

[Chorus]

I need light speed
Coming home to you
I need light speed
Running out of time
I need light speed
Plain to see your heart
But it's getting dark
I need light speed

[Verse 2]

Look, look me in my eyes
And tell me you don't feel the same way anymore
(same way anymore)
Bet you'll crack a smile cause baby
That's what your lips were made for (made for)

If I had just one more chance
I could rewind all the times that I did you wrong (did
you wrong)
Let's give it just one more dance
So baby tonight leave the lights on
I'm coming home (coming home)

[Pre-chorus]
Fa-Fa-Falling out of love
Reaching out tryna catch you
I'll be the one to rescue our love
Racing home to you
I'm tryna save what's left of our love
Helpless in this situation
Running out of time

[Chorus]
I need light speed
Coming home to you
I need light speed
Running out of time
I need light speed
Plain to see your heart
But it's getting dark
I need light speed
