I think about you in the morning  
Before the light is touch the sky  
When all the weather starts to turning  
And the leaves say there goodbye  
ÃfÂçâ, ¬Â™ cause I can feel the wind was bring my  
name  
And I can see the stars tonight  
Of all these hurricans

Refrain:

But I will love you ÃfÂçâ, ¬Â™ til the time turns my hair  
grey  
And IÃfÂçâ, ¬Â™ ll remember ÃfÂçâ, ¬Â™ til my  
memory fades away  
And I will hear your words  
When thereÃfÂçâ, ¬Â™ s nothing left to say  
And I will  
I will learn to wait

I think about you when IÃfÂçâ, ¬Â™ m lonely  
And all the time is passed me by  
when thereÃfÂçâ, ¬Â™ s no one else arround me  
And this waterÃfÂçâ, ¬Â™ s rising high  
ÃfÂçâ, ¬Â™ cause I can feel regrettes creeping in  
again  
and tell me nothing here has changed  
to say what itÃfÂçâ, ¬Â™ s always been

Refrain:

But I will love you ÃfÂçâ, ¬Â™ til the time turns my hair  
grey  
And IÃfÂçâ, ¬Â™ ll remember ÃfÂçâ, ¬Â™ til my  
memory fades away  
And I will hear your words  
When thereÃfÂçâ, ¬Â™ s nothing left to say  
And I will  
I will learn to wait  
For you
