"I Don't Believe You"

Well, I'm a born disciple.
But I'm inherently suspicious
Of anything and everything I love.
I'm coherent to a fault,
So I'm always looking for ways
To bring the thoughtless bliss of incoherence in.

I keep trying to think of clever ways to say
That I don't believe you.
But nothing comes to mind.
So I'll just make it plain:
I don't believe you.
I don't believe you.

Now, I got plans and I've got things to say.
But I don't think that they mean that much to me.
I've got time to realize anything I want to.
But right now I understand all that I can.

I keep trying to think of clever ways to say
That I don't believe you.
But nothing comes to mind.
So I'll just make it plain:
I don't believe you.
No, I don't believe you.

I'm not trying to put you down
Or say I have the answers.
I just think I need to tune you out right now.
I'm looking for some balance.
I don't wanna join your team.
So I'll start ignoring you and you can start ignoring me.

I keep trying to think of clever ways to say
That I don't believe you.
But nothing comes to mind.
So I'll just make it plain:
I don't believe you.
No, I don't believe you.

Oh no, I don't believe you.
