I guess it's final, slap in on vinyl
She knows I know what she's doing
Could be trouble, going in double
I'm fighting back this feeling inside me
So if there's a voice of reason, bless me with your
intuition
I don't know how much longer I can hold on

Her eyes are, my heart is, she leaves me singing
the ocean,
The ocean, emotion, what is this some kind of love
potion?
The sky is, my mood is if she's not here well
then I'm just feeling blue

Feeling my wings, seeing everything
Finally some light at the end of the tunnel
On the come back, landed on my feet
Who am I kidding, at night I still can't sleep
So if there's a voice of reason, bless me with your
intuition
I don't know how much longer I can hold on

Her eyes are, my heart is, she leaves me singing
the ocean,
The ocean, emotion, what is this some kind of love
potion?
The sky is, my mood is if she's not here well
then I'm just feeling blue

So if there's a voice of reason, bless me with your
intuition
I don't know how much longer I can hold on

Her eyes are, my heart is, she leaves me singing
the ocean,
The ocean, emotion, what is this some kind of love
potion?
The sky is, my mood is if she's not here well
then I'm just feeling blue
