Got my new shoes, my new coat on  
See I'm done with them blues, got this new thing goin'  
on  
And I don't need to worry, even though my vision was  
blurry  
Cause I don't feel like that anymore

Ha, you see me shining everywhere that I go, there aint  
much you can do to mess up my flow hay!

Ha! Got a little swagger in my brand new  
step take 'em to the hook 'cause we aint done  
yet

(chorus)

Good bye to that stormy weather looks like you  
needed a change

If I'm right, it can only get better 'cause I don't  
feel like that anymore

Got my tie straight, everything good just chillin'  
in the neighborhood  
It feels good to be home and it just feels so right  
And so you keep contemplating how you lost your  
way  
But don't it sound good when you can finally say  
That I don't feel like that anymore

A tick tock at the tip of the clock there aint  
enough time so I just can't stop

Got a little swagger in my brand new step hey,  
take 'em to the hook 'cause we aint done yet

(chorus)

Good bye to that stormy weather looks like you  
needed a change

If I'm right, it can only get better 'cause I don't  
feel like that anymore

No I don't feel like that Any mo, any mo

You keep tryin' to tell me you were honest, but I know  
you were lying

So I'm leaving you behind for my brand new  
life! GOODBYE!  
(chorus X2)
