Naked Eyes-

I walk along the city streets you used to walk along with me,

and every step I take reminds me of just how we used to be.

Well, how can I forget you, girl?

When there is always something there to remind me.

always something there to remind me.

As shadows fall, I pass a small cafe where we would dance at night(?).

And I can't help recalling how it how it felt to kiss and hold you tight

Well, how can I forget you, girl?

When there is always something there to remind me.

always something there to remind me.

I was born to love her, and I'll never be free.

You'll always be a part of me.

If you should find you miss the sweet and tender love we used to share.

Just go back to the places where we used to go, and I'll be there

Well, how can I forget you, girl?

When there is always something there to remind me.

always something there to remind me.

I was born to love her, and I'll never be free

You'll always be a part of me.

'cause there is always something there to remind me.

always something there to remind me.

always something there to remind me
