Look in my direction,  
Tell me what you see  
I won't take exceptions,  
I know I believe:

We are new hearts  
Falling in love  
This is the start  
You are the one  
We see and believe in the  
New Hearts x5

No regrets to mention  
I would not change a thing  
You relaxed my attention  
You made my body sing

Cus, we are new hearts  
Falling in love  
This is the start  
You are the one  
We see and believe in the  
New Hearts x5

I'll be your protection  
Put your trust in me  
There'll be no suspicion  
Truth is plain to see

Ay, we are new hearts  
Falling in love  
This is the start  
You are the one  
We see and believe in the  
New Hearts x10
