In a cold world
In strange times
Unfriendly faces
And uncaring minds
I'm so glad that
You're here with me
To hold me tight
And let me be

Cause I got you
And you got me
And this is where I wanna be
We got us and
We got love
And for me well that's enough
I got You
I got you.

On those cold nights
When I need love
A touch from you
Is all I want.
Well it's clear now
Life's trials are rough
But when it comes to you
There's never enough
Cause I got you
And you got me
And this is where I wanna be
We got us and
We got love
And for me well that's enough
I got you
I got you.

Hold on to me
I'll catch you
When your life
Is falling free
Undeniable
It's indescribable
See what you mean

To me

True love is without any boundaries

I got you

I got you

I got you.
