I just can't get enough
Just can't get enough
Of your love babe
I just can't get enough
Just can't get enough
Cause it's the real thing

Never thought I'd get it right
Find someone to squeeze and hold me tight
Make me feel I'm loved always
As I drift into a dream
I try to see my life without you
But I fall deeper for you

Tossing and turning seems endless
Watching the night turn to day, oh ooh
The vibe that you have is contagious
And I have to say, ooh
I can't get enough

I just can't get enough
Just can't get enough
Of your love babe
I just can't get enough
Just can't get enough
Cause it's the real thing

What is the key to love?
We'll share the loads of life
You and me
I think true love is unity
I'm gonna do my part
Your gonna love me with all your heart
Only then it will last always
Like the fish need to swim in the ocean
Why the birds lay their nests in the trees

The goorve we have is a natural motion
This feeling's so nice, ooh
I won't come down

I just can't get enough

Just can't get enough
Of your love babe
I just can't get enough
Just can't get enough
Cause it's the real thing

I just can't get enough
Just can't get enough
Of your love babe
I just can't get enough
Just can't get enough
Cause it's the real thing

So turn up the music
Turn down the lights
Don't need the world tonight
Won't you turn up the music
Turn down the lights
You got me in the mood

I just can't get enough
Just can't get enough
Oh it's the real thing
