GIRL can I talk to you for a minute
Yeah its about that no good man
Well I guess its time for me
To let him how I fell and let him go
Well -what hasn't he done
You know He comes home late
Don't ever have no money
Giving me some lame excuse how the car
Broke down and his phone don't work
Please

I knew I couldn't trust you
I never should have fell in love
And I couldn't trust you
Then what the hell was I thinking of
There were signs from the start
That you had no room in your heart
I keep believing that I was seeing a change in you

Let it go
Let it go
Cant keep holding on
Let it go
Let it go
Cant keep holding on

I know you heard it all before
But this time your out the door
Don't leave your things behind
I changed the locks
But I wont change my mind
There were signs from the start
That you had no room in your heart
I keep believing that I was seeing a change in you

Let it go
Let it go
Cant keep holding on
Let it go
Let it go
Cant keep holding on
Let it go

Let it go
Cant keep holding on
Let it go
Let it go
Cant keep holding on

You'll never change
You'll always stay the same
Thought I saw a change in you

No you';ll never change
Let him go
Girl you gotta let him go

Can't keep holding on
