It's been too many nights
That I have time to think about you
Should I follow my mind
Or what I do what my heart tells me to do
If you are the player and I am the game
Since there are no rules
Imgonna flip it
Just the same

Stop and think about the things that you're doing
Stop and think about the lives tat your ruining
You better stop and think about your life
Stop and think about the things that you're doing
Stop and think about the lives tat your ruining
You better stop and think about your life
Stop stopstopstop and think thinkthink
Stop and think

Its ben too many times
That I have I time to think about you
I wondered what happened to me
I really wondered what happened to you
If all that you been gven
Is too much for you to bare
Stand up and tell me
Honestly and then

Stop and think about the things that you're doing
Stop and think about the lives tat your ruining
You better stop and think about your life
Stop and think about the things that you're doing
Stop and think about the lives tat your ruining
You better stop and think about your life
Stop stopstopstop and think thinkthink
Stop and think
