This is not the time  
for me to try to hide  
Lord, I need to see You

I'm reaching out my hand  
remind me where I stand  
Lord I need Your touch to...

Fall over me  
I need Your grace to fall over me  
Lord I'm on my knees  
I need Your love to fall over me

When I try to find  
the reason and the rhyme  
to all these questions

Emptiness abounds  
nothing has been found  
That's when You start to...  
Fall over me  
I need Your grace to  
fall over me  
Lord I'm on my knees  
I need Your love to  
Fall over me

How quickly I forget I've fallen  
but every time I fail that's when You  
fall over me  
fall over me  
fall over me  
I need Your grace to fall over me

Lord I'm on my knees  
I need Your love to fall over me
