You go to sleep, I want to sail in your hair
And when you speak, you know you got to make sense
You want to say that it's me you know less
I say a girl like you, she was born to be blessed

My hands are yours, and you can take them from me
And take my mouth, I have nothing to say
I want to fly to some other place
I say a girl like you, she was born to be kissed
Born to be kissed

One thousand times and your sisters too
One thousand times, a girl like you
You're gonna say that you want to be free
But when you fall, you'll know you'll fall back to me
You want to fly, and there's no disgrace
I say a girl like you, she was born to be blessed

My hands are yours cause I don't know how to pray
Take my mouth, I have nothing to say
I lift my heart up to a higher place
Up to a girl like you, who was born to be kissed
Oh, born to be kissed

One thousand times and your sisters too
One thousand times, a girl like you

One thousand times and your sisters too
One thousand times, a girl like you
One thousand times and your mother too
One thousand times, a girl like you

One thousand times and your sisters too
One thousand times, a girl like you
Aw-w-w-w, yeahhhh
And your sisters too
One thousand times, a girl like you
Ooooh, one thousand times and your sisters too
One thousand times, I said a girl like you
Ooooh, one thousand times and your sisters too.
