I know that it's late and I really must leave you alone
But you're too good to hold that I feel such a long way
from home
Yes I know that our love is too new, But I promise Its
going to be true
Please let me stay and don't you send me away Oh no
no

Aaahh
Tell me baby that you need me, say you'll never leave
me
Love me tonight
Hold me now my heart is aching, until the dawn is
breaking
Love me tonight
Something is burning inside, something that can't be
denied
I can't let you out of my sight, darling
Love me tonight
Let me love you baby
Let me love you baby
Baby love me tonight

I've waited so long for the girl of my dreams to appear
And now I can hardly believe that you really are here
Here in my arms you belong, how can this feeling be
wrong
Darling be kind for I'm out of my mind over you

Aaahh
Tell me baby that you need me, say you'll never leave
me
Love me tonight
Baby now the pain is stronger, I can't wait a moment
longer
Love me tonight
Something is burning inside, something that can't be
denied
I can't let you out of my sight darling
Love me tonight
Let me love you baby

Let me love you baby
Baby love me tonight

Love me To ni-i-i-i-ght!
