Bred for success
But we didn't like the breeding
Did you check their faces
When we started bleeding

Can you tell which side they're on?
How can you tell which side they're on?

'Achieve what we have'
'We hear your common voice'
How can we believe them
When they all drive Rolls Royces?

Can you tell which side you're on?
How can you tell which side I'm on?
I can't tell which side I'm on
Can you tell which side you're on?

It's gettin' kind o' hard (kind of hard)
To tell 'em apart
Too many faceless ones
Crawlin' after you. (after you)

And if you ask a lot of questions
And all that it reveals
Is the best choice we're given
Is the best of two evils

Then can you tell me which side you're on?
How can I tell which side I'm on?
I can't tell which side they're on
How can I tell which side you're on?
Can you tell which side I'm on?
I can't tell which side I'm on
Can you tell which side you're on?
I can't tell which
