When you and I first met  
I thought you were my all and all, and all  
To me I felt no sweat to be your all and all, and all  
The way I feel for you, is somewhat of a dream come  
True  
For you I will stand tall, because you are my all and  
All  
There are times that I'm with you, that I never want to  
Go  
There are days that I missed you, but I never let it  
Show  
All I want to do is please you, I never want to let you  
Go  
You just say that you need me and our love will grow  
And grow

Chorus:  
You, you are my all and all  
For you, for you I will stand tall  
You, I love you most because  
Boy you, you are my all and all

Into your world for me  
Is the place that I want to be, I want to be  
Inside your heart take me  
Drop off love and I'm sure you'll see  
That the way I feel about you, everyone in love should  
Feel  
I'm so crazy about you, you my love has made this real  
All I want to do is please you, I never want to let you  
Go  
You just say that you need me and our love will grow  
And grow

Chorus (2x)

Into your world for me  
Is the place that I want to be, want to be  
Inside your heart take me  
Drop off love and I'm sure you'll see  
That the way I feel about you, everyone in love should

Feel

I'm so crazy about you, you my love has made this real

All I want to do is please you, I never want to let you

Go

You just say that you need me and I know that the love

Will grow, grow

Everything I want, everything I need, with you I wish

To share a special part of me

If ever your in need you can give me a call

You mean everything to me, your my all and all

Chorus
