Curly hair thin red eyes
And a smile as wide as the sky
Green and gold were the colours of your day
You said today was a good day to die
Chorus
DJ spins and they all jump in
But they can't seem to make up their minds
You hang back with your Bob Marley t-shirt on
You said a few stand the test of time
Chorus
Curly hair thin red eyes
Gold and green and the test of time
Chorus:
And I remember these things about you
I remember these things about you
I remember these things about you
So if I forget your name
If I forget your name
If I forget your name forgive me...
But they all sound the same
