Don't worry bout one thing
Don't worry bout nothing
She said I'm not gonna let this one go
Nobody's on my side
Nobody seems to see
How much, how deep, how far these can be

My eyes are dry and, I
My eyes are dry and
I, I still don't even know you
I, I still wish that I could hold you
I, I sometimes wanna die

And everywhere I go
And everyone I see
Somehow almost sets me free
And the space where we meet
Is different from the rest
And I just can't seem to forget that

My eyes are dry and
I, I still don't even know you
I, I still wish that I could hold you
I, I sometimes wanna die
I sometimes wanna die
I sometimes wanna

And you were at the start
And now you are at the end
And you left me with nothing to defend
I need the voice of a good friend

Can't stop myself from laughing
No matter how sad these things can be
These things can be

My eyes are bright and
I, I still don't even know you
I, I still wish that I could hold you
I, I still don't even know you
I, I sometimes wanna die (3x)
Yeah I sometimes wanna die

I, I sometimes wanna die (4x)
Yeah I sometimes wanna
