BABY BLUE by JP

I close my eyes  
and i'm in the ocean  
far far away  
from population  
no one to see  
no commotion  
but i still see your face in the ocean

lyin here naked  
on my ship on the ocean  
feeling this woman  
move in slow motion  
lookin over her head  
the sky is so blue  
off in the horizon  
i see visons of you

chorus - your eyes have been so blue before  
but baby your eyes aren't blue any more no  
waited a long time just for you  
took a chunk out of my life baby blue

your always there  
everywhere i go  
can't get away with nothin  
anymore  
can't even dream  
about women so fine  
baby blue get out of my mind

chorus-

i dont want  
to see your face no more  
baby blue

chorus-

lyrics written by Jeff Peterson
