no, no oh oh  
no, no oh oh  
no  
i know you don't want to say goodbye  
no, no oh oh  
no, no oh oh  
no  
i know you don't want to say goodbye

baby i've been thinking bout you (bout you)  
i got a feeling tonight i'ma try to call you (you)  
no, i still want you (want you)  
there's nothing better than making up

when you went away  
a piece of my heart  
just wasn't the same  
like a flame with no spark  
forget all the pain  
just leave it behind  
cause girl you should know what i feel inside

it's a new day  
girl i feel like, like there's something missing in my life  
is it too late?  
don't say goodbye  
i'ma change \_\_\_ for you tonight  
don't say that we're history  
don't say that we're history  
don't say that we're history  
don't say that we're history  
i know you don't want to say goodbye

do you miss all the kisses that i gave you (that i gave you)  
do you find it hard to sleep because baby i do

i still have all your presents , girl i saved them (girl i saved them)  
i still have all your emails in my yahoo

and i'm with you girl

though you had to go leave i still believe i'ma end up  
with you girl  
it's just a matter of time  
i feel incomplete  
part is i'm so \_\_\_\_\_ til you come back, come back

it's a new day  
girl i feel like, like there's something missing in my life  
is it too late?  
don't say goodbye  
i'ma change \_\_\_ for you tonight  
don't say that we're history  
don't say that we're history  
don't say that we're history  
don't say that we're history  
i know you don't want to say goodbye

no, no oh oh  
no, no oh oh  
no  
i know you don't want to say goodbye  
no, no oh oh  
no, no oh oh  
no  
i know you don't want to say goodbye

a piece of my heart just wasn't the same  
like a flame with no spark  
forget all the pain, just leave it behind
