I need a melody to move my feet, (feat *3)
Call, call the DJ and take it played back for me, (for me
*3)

Turn me up, right now (2)
Turn me up, Let go,
Its what i said, to my soul.
I need, I need, I need the new Gaga,
If it ain't hot then don't even bother.
Feels like I'm blown, Akon gimmie one more,
I need a hook that makes me sing Nah Nah,
Please don't let me down.

(let me play it back)
I need a melody to move my feet,
Call the DJ and bring it back to me.
Beat bang in the trunk so hard,
Turn it up and say that's my song.
I love it, When i'm my zome,
I love it, n' i don't pick my phone,
I love it, When i'm all alone,
Just me and The Spirit of the radio.

Every song is so addictive, I Gotta learn all the words to
it,
Got me ridin' down the highway, Switchin' lanes imma
swirve with it.
Like Flo's Spin my head right round, Stick it n' move it
like Boom Boom Pow,
Let me hear ya say some, say some, say something,
I need a melody to move my feet,

Call the DJ and bring it back to me.
Beat bang in the trunk so hard,

Feel the bass in the trunk and the highs in the speaker,
Feel it in your veins, so cold, need a heater.
It's infectious In my lexus (Ayo Ayo Ayo Ay),
It makes you lose control, When your on the go,
Creeps into your soul.

It's the Spirit of the radio
