Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
The first time I walked by
She caught me by surprise
It felt right just to say hi
Couldn't let you pass me by
Cause I never thought I'd feel this way
And I never thought I could
I could still see her with both eyes closed
But in the same picture he stood
Say why wait till it's over
I don't wanna
But I know you need to see my face
When it's over
So I wait for you
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
In perfect timing
So many rushing girl
But I ain't counting though
I hear you
But no one near you
But it feels like you're right here in my ear
To say everything that I need
To keep me here so I don't wanna leave
You're right where I wanna be
Even if it takes an eternity
Say why wait till it's over
I don't wanna

But I know you need to see my face
When it's over
So I wait for you
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
Baby I'm yours and I won't leave
You know that I ain't going nowhere
Once I get you right here with me
Baby I want this forever and ever I swear
Baby I'm yours and I won't leave
You know that I won't leave you girl
Once I get you right here with me
I'm gonna keep you till life what we live's over
Why wait till it's over
I don't wanna
But I know you need to see my face
When it's over
So I wait for you
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
Aaah aaah aaah
Forever and a day
Aaah aaah
Forever and a day
