i know you got a lot of dreams in you
and i want to make them all come true
cuz baby i have got the same ones too...

better days are ahead
we'll just lay in bed
laugh 'til we're red
as long as you love me now...

everywhere you try to go
girl i can take you
and every winter winter long
i can make you warm
and when you leave me
i'll be strong
make your pain be gone
and every single
every single
every single
that i will not let go
i will not let go
i will not let go
as long as you love me
love me
love me...

i see you sit on the beach in Malibu
and in a villa with the notion you
don't really matter where we're going to ooh ohhh...

better days are near
when we'll see so clear
and we'll have no fear
about the future...

everywhere you try to go
girl i can take you
and every winter winter long
i can make you warm
and when you leave me
i'll be strong

make your pain be gone
and every single
every single
every single
that i will not let go
i will not let go
i will not let go
as long as you love me
love me
love me
love me...

as long as you love
i will not let go
i will not let go...

everywhere you try to go
girl i can take you
and every winter winter long
i can make you warm
and when you leave me
i'll be strong
make your pain be gone
and every single
every single
every single
that i will not let go
i will not let go
i will not let go
as long as you love me
love me
love me
love me...
