Caught up in living, day to day  
She needs a man, she'd always say  
She has all this capacity to love  
She wants a man to take care of

To share this love she has to give  
Forget about the past relationships  
To share this love she has to give  
To show that someone more  
Someone more reason to live

To live~!~!

Caught up in dreaming she doesn't know  
Which way to turn cause she just won't let go  
Maybe she's missing her sign from above  
Blinded by the hopes of the one she's dreaming of

Constantly, she has to serve  
He'll never feel the same way towards her  
Constantly, reminding her  
To show that someone more  
Someone more reason to live

To live~!~!
