In the magazine or the video  
Everywhere we turn  
Love is on this show  
There's a movie on  
We're watching the kissing scene  
Picture me and you  
That's where we should be

Just imagining  
That this story's true  
And if that were me  
If that were you

Just imagining  
That this movie's real  
And if that were us  
How good it would feel

Baby I wish I was her  
Wish he was you  
That could be us

Baby I wish I was her  
Wish he was you  
That should be us

We could write the words  
We could play the part  
I know how she feels  
You know what's in his heart  
Watchin on screen
