we stop to think about it for a while
we've been here before
and the days go by
times like this
things get deeper than I should
so you wanna talk
I try to run away but everywhere I go
I got you in my head everywhere I go
and I'm entitled to feel sorry
and you got your right to feel down
but all the roads we've walked together
are now apart of us
are now apart of us

I took a deep breath to tell you how I feel
but no words came out
I try to run away but everywhere I go
I got you in my head everywhere I go
and I'm supposed to know my feelings
and you should always be yourself
'cos all the roads we've walked together
are now apart of us
are now apart of us
are now apart of us
