Let's go out and play
I don't feel too well I'm sorry
We don't have much time
I'm too young to die I'm so scared

If you go away either way
I will always love you
I can't let you stay
you will never let me go

If you wanna go, just go
And leave me here with
All my pain and suffering
But just remember that
I am you and that you are me

Let's just go and play
I would rather stay at home
You're always so hungry
Like a monster you take all I got

Please I need you now, you will have you back
After I'm not here anymore
Even though you're here
I can barely feel your presence

But if you wanna go, just go
And leave me here with
All my pain and suffering
But just remember
We should never be apart
Cause you are me and I am you

Don't go
Don't go
Don't go away

Let's go out and play
I don't feel too well I'm sorry
We don't have much time
I'm too young to die I'm so scared

If you go away either way
I will always love you
I can't let you stay
You will never let me go
