Talking:

I was in the mother fuckin mall right,
know what im sayin'?
This one chick ran up on me,
she was like damn lil buddy
Whats your name?
Where you from?
Where yo girlfriend at?
I was like hold up,
pump ya breaks,
let me hit you wit a question!

Chorus:

What's up wit the pussy,
What's up with the pussy?
Don't act like that girl,
like you don't wanna give it to me.
My dick's on swoll and I know yo pussy wet.
Ya mouth saying no but ya body saying yes (repeat)

Verse 1:

Whatcha doing girl, Wit all that poking from the back?
If ya tat, tat tatted up, can I see yo tats?
Meet me in the back, where the VIP section at,
tell me this when the club close where ya'll headed at?
Cuz I got a penthouse suit, at the W,
So if you aint doin nothing feel free to slide through
and we can get drunk, get our roll on, get high too,
you said your boyfriend don't like ya party nevermind
dude,
Cuz tonight is yo night, yea one of those nights, Where
Anything goes so just go with the flow,
I wont tell a soul so jump up out them clothes
And ge-ge-ge go head and party like a rockstar,
I know you like my dreads come and party wit a Rasta,
don't kiss me in the mouth, head straight for the
boxers.
We can get freaky deaky and play coppers and
robbers,
I only have one question. The first time I saw her

Chorus:

What's up wit the pussy,
What's up with the pussy?
Don't act like that girl,
like you don't wanna give it to me.
My dick's on swoll and I know yo pussy wet.
Ya mouth saying no but ya body saying yes (repeat)

Verse 2:

Aye girl you look sweet and tender
big round booty, tall and slender
I'm trying score wit you mama
cuz you know I'm a winner
What's up wit the nookaye
Know you got that gushy
That wet-wet messy get everyone like milk and cookies
Brazillian or bushy
Wanna hit this kushy?
Go head, get loose And let me inspect that pretty
tooshie
Money long for that gushy
Gone wit that bushy
Sprinkle you like salt and pepper
Wit Ones if you can push it!
Real good make a playa feel good
Girl you give me chills, In them heels, wit them rocks in
ya ears
I give you ones, fives, swiftly, tens, twenties, fifties
You and her, can ya'll belly dance like some gypsies
Do it wit yo shirt off, do it wit no pants,
bet you wont come over my house
And do it wit no hands
We can do the dog and pony show like in the video
Aww that's cool but really doe, all I wanna know is

Chorus:

What's up wit the pussy,
What's up with the pussy?
Don't act like that girl
like you don't wanna give it to me.
My dick's on swoll and I know yo pussy wet.
Ya mouth saying no but ya body saying yes (repeat)
