What would you do
if it all came back to you?
Each crest of each wave
bright as lightning.

What would you say
if you had to leave today?
leave everything behind
even though for once, you're shining.

Standing on higher ground
when you hear the sounds
you realize it's just the wind.
And you notice it matters
who and what you let under your skin.

Put to the test
would you step back from the line of fire?
Hold everything back
all emotions set aside it.

Convince yourself
someone else
and fight from the world
your lack of confidence.
What you choose to believe in
takes you much too far
takes you much too far.

No one else around you
no one to understand you
no one to hear your calls.
Look through all your dark corners
you're backed up against the wall
step back from the line of fire.

What would you do
if it all came back to you?
each crest of each wave
bright as the lightning
do the same as you do
do the same as you do
do the same as you,
do the same as you.

I do the same as you,
Do the same as you
do the same as you do
What you choose to believe in
takes you much too far

No one else around you
no one to understand you
no one to hear your calls.
Look through all your dark corners
you're backed up against the wall
Step back from the line of fire x 8

Step back
Step back
Step back
