[Verse 1]

Street signs, crooked lines, it all seems fun
Running 'round the town tonight with you
Think I'm crazy but I just can't get enough
Uptown, Downtown, I don't really care
Here with you, I could change the world
Come on, lets steal the show tonight
Music, friends. It all begins with you
My dear I hope you stay

[Chorus]

Summer days always seemed so right
Just layin by your side
I'm amazed that I actually believed
in a love I couldn't see

[Verse 2]

Where'd you go? You left so fast
You said you'd always be here
But you lied. You left me at the side
of the road contemplating my mistakes
What happened to the promise to my world if you came
Missed today way too soon
You're too good at playing this game
Let's bring it back how it once was

[Chorus x2]

Summer days always seemed so right
Just layin by your side
I'm amazed that I actually believed
in a love I couldn't see

[Outro]

Street signs, crooked lines, it all seems fun
Running 'round the town tonight with you
Think I'm crazy but I just can't get enough
Uptown, Downtown, I don't really care
