Yeah let's go to the beach!

I feel the breeze
My top is down
And all I do
Is ride around
And where I go
I just don't care
A place to chill
To get away

I take it day by day
No work or play
Nowhere to stay
And I just need
To clear my mind
To find my role
In space and time

I'm just cruising
And I wonder if I ever find my way

I'm just cruising
Down this highway of life
And I'm looking for a place
Where I can hide away

Just cruising
Just cruising

Two months and now
I'm take it slow
I'm in my flow
So I can find
The fields of joy
Where life is peace
Where I can safely
Rest my soul

The sun is glowing
Winds keep blowing
I'm still growing and

I try to do the best i can
Go down this road
Is there a plan?

I'm just cruising
Just cruising
Just cruising
And I wonder if I ever find my way

I'm just cruising
Down this highway of life
And I'm looking for a place
Where I can hide away

I'm just cruising
Just cruising
Just cruising
And I wonder if I ever find my way

I'm just cruising
Down this highway of life
And I'm looking for a place
Where I can hide away
