I Guess My Heart Finally Said Goodbye

Justin Trevino
I've been going over all my memories
Turning back the pages of my mind
It looks like the hurting is over
I guess my heart has finally said goodbye

My heart finally got around
To what it had to do
I knew I could do it if I tried
If seeing your old picture
Doesn't bother me no more
I guess my heart has finally said goodbye
I don't remember when it finally happened
But all at once I didn't even cry
I woke up one day and it was over
I guess my heart has finally said goodbye

My heart finally got around to what I had to do
I knew I could do it if I tried
And seeing your old picture
Doesn't bother me no more
I guess my heart has finally said goodbye
I guess my heart has finally said goodbye
