We take regrets with the best intentions  
My right hand you left me  
For just one second we've got this  
Down to the exact moment  
Until the time we meet again  
Until the time we meet again  
We'll take it back, we'll take it back  
Until the first time that I met you

chorus

You had me at hello  
Do you regret what you said?  
We've got a lot to talk about  
We've got a lot to talk about

chorus

So pick the petals and just speak the words  
You never meant to say  
But on the second time around  
Make them so eloquent to hear  
Me talk about the times we used to have  
The way you looked at me  
And how you said walking away  
Was just out of the question  
chorus

chorus

The space between these lines  
Could never keep us apart  
The space between these lines  
Could never keep us apart

The space between these lines  
Could never keep us apart  
The space between these lines  
Could never keep us apart

chorus

(Keep this in mind and I'll keep this close by)

chorus

Keep this in mind and I'll keep this close by  
Keep this in mind and I'll keep this close by
