Things will never stay the same (stay the same, stay the same)
After I have made my name (after I have made my name)
Riding on my claim to fame (claim to fame, claim to fame)
We about to change the game (we about to change the game)
I got the swag, I make it rain (make it rain, make it rain)
IãfÂçâ, ã™ m doing things the Asian way (doing the things the Asian way)
This is now our day and age (day and age, day and age)
And we about to change the game (we about to change the game)

They tell me that I canãfÂçâ, ã™ t rap, IãfÂçâ, ã™ m not this, IãfÂçâ, ã™ m not that
IãfÂçâ, ã™ m not street, IãfÂçâ, ã™ m not black, donãfÂçâ, ã™ t live the life that Pac had
But gangstas and potheads donãfÂçâ, ã™ t make the only hot tracks
You got that? The haters wanted combat, I fought back
To stop that, they thought that it could not be brought back
But here I am and IãfÂçâ, ã™ m on fire, burning like a hot bath
See I donãfÂçâ, ã™ t mean to brag but I got that Ivy League swag
And my verses mean that itãfÂçâ, ã™ s time to bring the beat back
All the fans and critics giving me positive feedback
Even though IãfÂçâ, ã™ m Asian and a lot of them can see that
Beat that, you canãfÂçâ, ã™ t, cause the fact of the matter is
No one gets to label who can rap or what a rapper is
Just because IãfÂçâ, ã™ m not a thug does not mean I cannot have fun
IãfÂçâ, ã™ m sick of all these bastards who think youãfÂçâ, ã™ re not cool without a gun
And IãfÂçâ, ã™ m not here to degrade women or to

glorify the violence
It's our job as real MCs to keep those shitty
rappers silent

Things will never stay the same (stay the same, stay
the same)
After I have made my name (after I have made my
name)
Riding on my claim to fame (claim to fame, claim to
fame)
We about to change the game (we about to change the
game)
I got the swag, I make it rain (make it rain, make it rain)
I'm doing things the Asian way (doing the
things the Asian way)
This is now our day and age (day and age, day and
age)
And we about to change the game (we about to change
the game)

So Asian rappers represent, our presence is not a myth
Despite those racist motherfuckers claiming we cannot
exist
Inside your playlist undercover waiting to be part of this
With my greatness undiscovered, taking my own shot
at this
How far we will go and where we'll stop, only time will
tell
New school rappers will be keeping hip hop alive and
well
Thumbs up and five stars for the albums that we buy
and sell
Keep it fresh, keep it real, keep the game fly as hell
Haters only diss me cause of their own insecurities
Asking who the fuck I am, I am what I came here to be
It's evident, it's clear to see the listeners are hearing me
It's clear to me, they feeling me, my rivals have a fear
of me
They only hate on me because I beat them on the SAT
Columbia accepted me, MC with a college degree
And there's no need for modesty, they'll never be as hot
as me
So take a shot at me, cause honestly, I am a prodigy

Things will never stay the same (stay the same, stay
the same)
After I have made my name (after I have made my
name)
Riding on my claim to fame (claim to fame, claim to
fame)
We about to change the game (we about to change the

game)
I got the swag, I make it rain (make it rain, make it rain)
Im doing things the Asian way (doing the things the
Asian way)
This is now our day and age (day and age, day and
age)
And we about to change the game (we about to change
the game)

They always tell you that the grass is greener on the
other side
The rap is blacker, rap is cleaner when its of the other
kind
But dont stop to draw the line cause hip hop is color
blind
Do not try to undermine the bond that every rapper
finds
Cause whether you are black or white or Asian or Latino
We are all hip hop, we just spit the shit that we know
The last decade ended and another one begins
Where you dont judge each other by the color of your
skin
And you arent defined completely by the people of
your heritage
IÃfÃçâ, ÑÂ™ d like to think that by now that we have
figured out what fairness is
We made things diverse and equal, after all I guess we
did
Cause IÃfÃçâ, ÑÂ™ m an Asian rapper and weve got a
black president
So this is what the message is, I aim to be the best
there is
Despite the fact that Im not stereotypically meant for
this
Every single person with a dream has got to face their
heart
Cause that dream does not give a shit about what race
you are

Things will never stay the same (stay the same, stay
the same)
After I have made my name (after I have made my
name)
Riding on my claim to fame (claim to fame, claim to
fame)
We about to change the game (we about to change the
game)
I got the swag, I make it rain (make it rain, make it rain)
Im doing things the Asian way (doing the things the
Asian way)
This is now our day and age (day and age, day and

age)
And we about to change the game (we about to change
the game)
Things will never stay the same (stay the same, stay
the same)
After I have made my name (after I have made my
name)
Riding on my claim to fame (claim to fame, claim to
fame)
We about to change the game (we about to change the
game)
I got the swag, I make it rain (make it rain, make it rain)
I'm doing things the Asian way (doing the
things the Asian way)
This is now our day and age (day and age, day and
age)

the game)
