This party's lacking music blasting
You keep clapping, I'll keep rapping
Take your passion, make it happen
We're on a boat and I'm the captain
I'm gonna steer this party louder
So shake that ass for another hour
Twenty-four-seven like Jack Bauer
Dance like it's your superpower
This ain't just a dance song with a rap verse
There's no pop singer, just a rapper
This beat's so sick like it caught the flu
So all you know what I got to do
No offense T-Pain, props to you
But I don't even need no auto tune
I'm a busy man, I got a lot to do
Cause there's one of me and a lot of you
Shawty over there looking hot to you
She's playing with hearts, she shot the moon
You can't even read her poker face
But you're gonna go in for the chase
So to all you guys trying to get the ladies
Trying to get her into your Mercedes
She looks your way but tells you maybe
Keep on going cause she drives you crazy

Get down, right now
Cheering crowd, music's loud
Everybody feel the groove
Everyone get up and move
No doubts, move around
Here and now, show you how
Everybody take a chance
Everyone get up and dance

(Everybody take a chance
Everyone get up and dance)

There's no time for inhibitions
Everybody trust your intuition
I'm in love with your disposition
So let's get down to keep tradition
This ain't the place for hesitation

We're past all your expectations
Let's just skip the conversation
Cause I don't have that kind of patience
Everybody dance, no stress, no stress
Cause you've got me obsessed, oh yes
Forget your worries, forget your troubles
Drank so much you're seeing double
Forget all those other goons and clowns
Tonight it's me and you for now
Gonna get you to my room somehow;
And show you some of that boom boom pow
You fly high like a shining star
High maintenance like a shiny car
But I'm gonna catch you off your guard
Cause I ride my bike with no handlebars
You wanna dance, so don't deny it
Try it, it's not rocket science
This ain't the place for peace and quiet
We're gonna start a fucking riot

Get down, right now
Cheering crowd, music's loud
Everybody feel the groove
Everyone get up and move
No doubts, move around
Here and now, show you how
Everybody take a chance
Everyone get up and dance

(Everybody take a chance
Everyone get up and dance
Everybody take a chance
Everyone get up dance
Everybody feel the groove
Everyone get up and move
Everybody take a chance
Everyone get up and dance)

Get down, right now
Cheering crowd, music's loud
Everybody feel the groove
Everyone get up and move
No doubts, move around
Here and now, show you how
Everybody take a chance
Everyone get up and dance
Get down, right now
Cheering crowd, music's loud
Everybody feel the groove
Everyone get up and move
No doubts, move around

Here and now, show you how
Everybody take a chance
Everyone get up and dance
