I am the one who chose the path in my life
I don't need you to tell me what is right
You have to learn to crawl before you walk
What doesn't kill you makes you stronger than rock
Make your mistakes and wipe it off your back
Don't you be pulling the break, it's just full speed ahead

Tear It Up
Free fall from the sky
Tear It Up
Kiss your ass goodbye
You're living and you're learning
Hopefully before you die

Tear It Up
Crack your head
Tear It Up
You know it's gonna end
You're running against the wall
Smash your face and wake up boy

How can you say that you're living your life
You don't take chances, you're just waiting to die
It's no crime to fuck around, so don't you waste your
time
'cause you don't know when you'll be throwing in the
towel
Taste the Pain, my game, I'll make you go insane
Now it's time to let go, it's just full speed ahead

Tear It Up
Free fall from the sky
Tear It Up
Kiss your ass goodbye
You're living and you're learning
Hopefully before you die

Tear It Up
Crack your head
Tear It Up
You know it's gonna end
You're running against the wall

Smash your face and wake up boy

Tear It Up
Wake up boy
Tear It Up
Tear It Up

Now's the time for you to understand
'cause your breathing doesn't mean you're alive
Turn it on, self control before you start to fall
Don't you be pulling the break
It's just full speed ahead

Tear It Up
Free fall from the sky
Tear It Up
Kiss your ass goodbye
You're living and you're learning
Hopefully before you die

Tear It Up
Crack your head
Tear It Up
You're running against the wall
You're running against the wall
Smash your face and wake up boy
