Oh, oh, oh you pretty, pretty baby!
Cause I'm about to take you home with me tonight, girl!
High heels and a trench coat,
Hotter than a steamboat sailing on a summer day,
Must say, you're the baddest thing I've seen, girl!
When you walked to my front door,
My neck broke for real... turn around and let me see!
What you're working with, ?

Bridge:

So come on over here, please don't make me wait too long!
I'm not serving you, so many things I wanna do!
You're like, so hurry up and let me in!
Darling, I can't wait, it's too late,
But I'm gonna make you mine tonight!

Chorus:

You gonna be mine tonight,
I'm gonna sign my name upon it!
You gonna be mine tonight,
Cause when I finish I'm on it!
You gonna be mine tonight,
Oh, my, oh my!
Cause I'm about to cop, cop, copyright that body, yeah!
Cause I'm about to cop, cop, copyright that body, yeah!

You make me so proud of myself when I look you, you,
I'm about to put it on you, let me know if you can take that!
I've bet my last hundred bill on it,
Then take you for a ride with a thrill on it,
Better than Maybach with the wheels on it,
Put you to sleep, wake up, when you still want it!

Bridge:

So come on over here, please don't make me wait too long!
I'm not serving you, so many things I wanna do!
You're like, so hurry up and let me in!
Darling, I can't wait, it's too late,

But I'm gonna make you mine tonight!

Chorus:

You gonna be mine tonight,
I'm gonna sign my name upon it!
You gonna be mine tonight,
Cause when I finish I'm on it!
You gonna be mine tonight,
Oh, my, oh my!
Cause I'm about to cop, cop, copyright that body, yeah!
Cause I'm about to cop, cop, copyright that body, yeah!

You see, exclusively you are mine,
I got a legal to that body, baby
And I'mma do you just fine!
You gotta worry about nobody baby!
You don't think,

Chorus: (x2)

You gonna be mine tonight,
I'm gonna sign my name upon it!
You gonna be mine tonight,
Cause when I finish I'm on it!
You gonna be mine tonight,
Oh, my, oh my!
Cause I'm about to cop, cop, copyright that body, yeah!
Cause I'm about to cop, cop, copyright that body, yeah!
