not gonna waste no time
ain't got much to spare
by this time i'm off
my flight's up the air
thought that we could talk
i know our situation is changing
but baby i'm thinking
that you baby ought to come along with me
follow me

baby
i know tomorrow i'm leaving for good
but i, i, i miss you already
baby
you know i'm trying to be strong for you
but i, i, i miss you already

and i hate to think about
waking up to an empty house
see that's a life i can do without
i need you by my side for the rest of all time
it just seems that you are
sent from above
must be some kind of fate
like everything that i did was for us
you're the one that i trust
so we can continue this quest for love
just say it's what you want
and leave me if you don't
i know our situation is changing
but baby i'm thinking
that you baby ought to come along with me
follow me

baby
i know tomorrow i'm leaving for good
but i, i, i miss you already
baby
you know i'm trying to be strong for you
but i, i, i miss you already
miss you already..
(oh oh oh oh oh oh..)

i don't know what to do
i don't know what i gotta do
i can't think of life without you
right beside me
i know i said i'm leaving
but i need you to come with me

i know tomorrow i'm leaving for good
but i, i, i miss you already
baby
you know i'm trying to be strong for you
but i, i, i miss you already

i know tomorrow i'm leaving for good
but i, i, i miss you already
baby
you know i'm trying to be strong for you
but i, i, i miss you already
