Nobody believed  
that I could ever love you  
even I had my doubts  
you know it too  
After all the time  
that I spent with you  
I still had my doubts  
I'm such a fool...

When you went away  
everything suddenly changed  
I missed you more than ever  
now I know you're the one for me

Chorus:  
Nothing can change my mind now  
everything seems empty if I don't have you  
I feel so lonely, I feel so empty  
'cus I miss you..  
nothing will change me now  
my mind is set on you  
I can finally say  
I breathe alive next to you...

No doubts no more  
you're the one for me my love  
so much that you've done  
just to prove your love to me  
I don't doubt that you love me  
I had enough to see your love

(chorus)

And the world can pass away  
it can pass beside me  
I know really what I want  
and what I want is you  
your love means everything to me  
just knowing that you'll always be there for me  
I know I breathe alive again...
