Travel around the world  
and walk around the seas  
to the destination where you wanna be  
walking through the clouds  
and tell me what you see  
its the destination where you wanna be

you take me to a new destination  
one that i've never been on  
you take me higher than what I can be  
I know I feel alive...

and we are moving  
to a new dimension, to a newer life  
and we keep moving  
to a far away section where we feel alive

Chorus:  
Let's keep moving forward  
Let's get lost together  
far away from here  
the destination is clear..  
let's travel the whole world  
no need to turn back now  
we will be together  
the destination is better...  
Making up the time  
enough for us right here  
no one that can stop us  
we are who we feel  
taking up advantage  
of what needs to be  
no one is gonna tell us  
what we need to see...

and we are moving  
to a new dimension, to a newer life  
and we keep moving  
to a far away section where we feel alive  
(chorus) // let's lets lets lets... // (chorus)

I dont wanna hear you say that we can't be together

I'll assure you baby we will be together... laaaaa  
laaaaaa laaaaohohohoh  
laaa la la la la laaa ah la la la  
the destination is better...
