No matter the distance
you know I still love you
I think of you always
thats all that I can do..
Even though I cant hold you
in my thoughts I kiss you
I tell you I love you
cus I do...

nothing, nothing can stop me from loving you
and nothing, nothing can stop you from loving me too

Chorus:
Cus you are the music in my heart
the one that makes me sing out loud
and scream and say I love you..
you are the one that makes me live
at same time you make me weak
you are the music in my heart...

The day passes slowly
it gives me melancholy
I just wanna hold you
but I wait...

when I hold you I will never let go
and when I kiss you it'll be forevermore

(chorus)

it will be forevermore
when I hold you I'll never let go
and you are the music in my heart
the one that makes me feel alive....

(chorus)

you will always be the one
nobody will replace you
cus you are the music the music in my heart
you are the one that makes me live
at same time you make me weak

you are the music in my heart..
