Crystal flakes  
Catch on tongues  
Lying in await  
Hurried people  
Walk in a daze  
And the children ask  
Why?

Mist and dew  
Azured morning  
Holds midnight moon  
Pallid people  
With much to do  
And the children ask  
Why?

Why the grim?  
Seek the treasure

That lies within  
Telling secrets  
Of other times  
As we learn  
How to fly

Open wide  
Slaying dragons  
That sleep inside  
Fighting impulse  
To run and hide  
As we learn  
How to fly

We are the morning's dawn  
We are the midday's sun  
We will keep shining on  
Shining the light of one
