Dark times and lost days
I gaze into the sky
A blue and velvet blanket
To comfort me tonight

There over yonder
The twinkling of your eyes
Ah, a falling earth star
I feel you by my side

Cause you are my heaven
You are my star
You are my heaven
Guiding me...

Cause you are my heaven
You are my star
You are my heaven
Guiding me...

Heaven
Helping me through each day and night
Heaven
Realizing more I gain insight

And with your passing
A new phase has begun
I sense another time and space
Life and death as one
Cause way over yonder
Beyond a rainbows end -
Opens the heaven
And your eyes are a godsend..

Cause you are my heaven
You are my star
you are my heaven
Guiding me

Cause you are my heaven
You are my star
You are my heaven

Guiding me

Heaven

Helping me through each day and night

Heaven

Realizing more I see the light
