SEEMS NATURAL

music and lyrics Kara Johnstad

CD "Paths X

Don't want something special from you

Just want what seems natural to me

I wanna hold feel you kiss you until my soul is flying

Don't want something special from you

Just want what seems natural to me

Air sweet as honey

Sticking to my skin

Feels kinda funny to be

Tickled from within

In the night of no moon

When all the clouds disappear

Your breath echos stories of love

pulsing in my ear

I draw you near I draw you near

Oh I don't want something special from you

Just want what seems natural to me

I wanna hold you, feel you, kiss you until my soul is  
flying

Don't want something special from you

In this galaxy of space

At the stars' furthest edge

My breathing stops, my heart skips a beat as we're

Balanced on a ledge

In the hushed and listening air

Our bodies desintigrate

Sweet flickering flame of love

Consume me

Once again

Interlude

And the world keeps on revolving

And the stars will always shine

So our spirits keep evolving over time

Don't want nothing special from you,

Just want what seems natural to me

I reach for myself,  
Whoops, well I'm no longer there  
Is this God???  
I start to tremble  
Hues swirl around my head  
Sweet soft flutter of bird's wings  
I release our last embrace  
Oh, I feel, I feel so humble oh so humble

Don't want nothing special from you  
Just want what seems natural to me  
Until my soul is flying
