STAY GOLD

Music and Words by Kara Johnstad

Stay gold
You said back then
Parting ways
Tears of love and affection
Time to go in another direction
"Answer Me"
My heart pounds to know
Where you're going

Why?
With so much for us to
Share time
Of years gone by
Memories
And my heart's all a crumble
Writing you
And my hand starts to tremble
"Valentine"
The words can't express
What I'm feeling
Oh, to see through your eyes again

Sing me to sleep, ooo
Dance in my dreams, love
Follow your heart
Tho' we're apart

Stay gold
